Community Development Priority Projects

Rank	Jurisdiction	Need	Program	Identified on Needs Worksheet?	Justification
1	Trumbull Countywide; Engineer/Sanitary Engineer's office	Connection of Low-and Moderate-Income Households to the Public Water System	C.D. Allocation	Yes	The need for additional funding to connect LMI households to mandated sanitary sewer projects and public water systems is critical. The expense is too high (>\$5,000) for the elderly and LMI populations to connect to the sanitary sewer & water systems without assistance.
2	Howland Township Bolindale Neighborhood	Flood & Drainage Facilities Improvements	Critical Infrastructure	Yes	Howland Township, in coordination with Trumbull County, has identified and resolved numerous infrastructure deficiencies within the low-income Bolindale Neighborhood. Based on these meetings and citizen complaints, Trumbull County is applying for NRG funding to address the deteriorated, and in some cases, non-existent flood & drainage facilities that are in very poor condition in the Bolindale Neighborhood.
3	Brookfield Township Masury SE Neighborhood	Street Improvements	Neighborhood Revitalization	Yes	The Brookfield Township Trustees and the Trumbull County Engineer identified numerous needs within the Masury SE Neighborhood in 2018 and inquired about funding. They conducted an income survey in 12/18 and found the area to be qualified. Updated LMI data is being used that was released in April 2019.. NRG funds are being sought to address deficient infrastructure throughout the neighborhood.
4	Trumbull Countywide; Engineer/Sanitary Engineer's office	Street Improvements, Storm Drainage Improvements and Bridge Repair	Critical Infrastructure	Yes	The need for additional funding to repair/replace public infrastructure countywide is critical. Adequate funding is not available to keep pace with the deteriorating infrastructure.
5	Newton Falls Village	Façade Improvements	Downtown Revitalization	Yes	Older central business district with deteriorating buildings and infrastructure require assistance to rehabilitate and revitalize the village.
6	Liberty Township - Belmont Avenue Corridor	Façade Improvements	C.D. Allocation	Yes	Commercial corridor connecting to Youngstown with businesses requiring assistance to rehabilitate and revitalize their properties along a state route.
